MAKING PALMER GOAT FOR COSTLY SUGAR

Resolution Calling for Investigation Starts Political Row in the House

Washington, March 4.—A hot political row broke out in the House today when the Republicans forced through a resolution authorizing investigation by the Judiciary Committee of the acts of Atty. Gen. Palmer in connection with prices charged for Louisiana sugar. The Democrats bitterly opposed the project, charging repeatedly that it was designed as an indirect impeachment of Mr. Palmer and only intended as a means of checking the "growing popularity" of a Democratic presidential aspirant.

In reply, the Republicans charged that the President and Mr. Palmer were directly responsible for prevailing high sugar prices; that Mr. Palmer had no authority to recognize the high figure at which Louisiana sugar sold and that he had failed to press actions against profiteers. In two hours of debate on the resolution, offered by Rep. Tinkham (Rep.) of Massachusetts, Democratic members asserted it was a "covert" attack on Mr. Palmer, and was calculated to divert public attention from failures of the "incapable" Republican leadership in Congress. When the time limit expired, the resolution was put through, 162 to 124, by a party vote, and the committee will proceed with its inquiry. The resolution directs that the investigation be directed "to the admitted concurrence of the attorney general in maximum fixed prices" of 1 and 18 cents a pound for Louisiana sugar, the basis on which the prices were fixed, and whether immunity from prosecution for profiteering was given anyone for charging these prices.

Republicans asserted that the actions of the attorney general in regard to the Louisiana growers caused increased prices for the Cuban crop, but this was denied by the Democrats, who in turn, asserted that his action was a "saving to the consumers."

"That Louisiana crop was just enough to supply the United States with sugar for one day," commented Rep. Martin (Dem.) of Louisiana.

Word to the Women

It may not beget undue attention, but 240,161,943 needles were made in the United States last year. It would be pleasant mental recreation for a long evening to figure how many hours of labor, based on the proverb that a stitch in time saves nine, would have been saved the women of the nation if all these needles had been applied at the pre-historical moment.

Largest Pipe Organ.

What is undoubtedly the largest and probably the greatest pipe organ ever made was that which was played in Festival hall in St. Louis, during the exposition in 1904. It was originally made for Convention hall, in Kansas City, but was never accepted. It remained in storage for years and was then bought by John Wanamaker and installed in his Philadelphia store, where it is played every working day. The organ weighs 375,000 pounds.

23 New World's Motorcycle Records Established by the HARLEY-DAVIDSON

The following records were all made at Daytona Beach, Florida, over a surveyed and certified course and timed by the famous Warner electrical timing instrument, which is the property of the American Automobile Association and which has been used to time all important world's automobile records for several years. This instrument has been tested by the U. S. Bureau of Standards at Washington, D. C., and the U. S. Naval Time Station on the Pacific Coast. In all these Florida Time Trials the timing was under the direct observation of M. & A. T. A. referee R. A. Leavell, who had charge of the timing of practically all important records made by the American Automobile Association during the past few years.

Daytona Beach, Fla., Feb. 13.—A pocket valve Harley Davidson ridden by Fred Ludlow today, broke all world's professional motorcycle records by covering a kilometer in 21.75 seconds. This is at the rate of 102.87 miles an hour. The former world's record was made in Australia more than 3 years ago by an 8 valve machine with auxiliary exhaust ports. This performance of a pocket valve Harley-Davidson is a most note-worthy one and stamps the Harley-Davidson stock design as the most efficient stock design in the world.

LESLIE ("RED") PARKHURST

Daytona, Beach, Fla., Feb. 15.—An 8 valve Harley-Davidson motorcycle ridden by Leslie Parkhurst, broke four professional world's records on the beach here today, as follows:

1 kilometer	21.64 sec.—rate	103.39 miles per hour
1 mile	34.89 sec.—	103.18 " " "
2 miles	1 min. 12.65 sec.—	99.10 " " "
5 miles	3 min. 2.32 sec.—	98.73 " " "

Today's time for the kilometer breaks the world's record established yesterday by the pocket valve Harley-Davidson.

Daytona, Beach, Fla., Feb. 16.—In a terrific burst of speed, an 8 valve Harley-Davidson motorcycle, ridden by Leslie Parkhurst, smashed all world's motorcycle records in the professional unrestricted class by covering one kilometer in 19.98 seconds, which is at the rate of 111.98 miles per hour. Altogether four records were broken today, as follows:

1 kilometer	19.98 sec.—rate	111.98 miles per hour
1 mile	32.45 sec.—	110.94 " " "
2 miles	1 min. 05.82 sec.—	109.39 " " "
5 miles	2 min. 46.88 sec.—	107.36 " " "

Daytona Beach, Fla., Feb. 16.—A 4 valve single cylinder Harley-Davidson motorcycle ridden by Fred Ludlow, established a new professional world's record for the 30.50 cu. in. class by covering 5 miles in 3 minutes 56 seconds, at the rate of 76.27 miles per hour.

Daytona Beach, Fla., Feb. 17.—Four new world's professional sidecar records were established here today when Leslie Parkhurst's 8 valve Harley-Davidson hauled a Harley-Davidson "Bullet" sidecar through space at the rate of more than 87 miles an hour. Here are the official figures:

1 kilometer	25.71 sec.—rate	87.02 miles per hour
1 mile	41.16 sec.—	87.46 " " "
2 miles	1 min. 22.45 sec.—	87.32 " " "
5 miles	3 min. 25.65 sec.—	87.52 " " "

Daytona Beach, Fla., On the beach here today, Leslie Parkhurst's 8 valve Harley-Davidson with a Harley-Davidson "Bullet" sidecar, carrying Fred Ludlow as passenger, covered 5 miles at the rate of more than 87 miles an hour, incidentally breaking four world's records for the unrestricted professional class, as follows:

1 kilometer	26.51 sec.—rate	84.30 miles per hour
1 mile	42.81 sec.—	84.09 " " "
2 miles	1 min. 25.69 sec.—	84.02 " " "
5 miles	3 min. 34.62 sec.—	83.91 " " "

Daytona Beach, Fla., Feb. 20.—An 8 valve Harley-Davidson ridden by Leslie Parkhurst, broke three more world's professional records in the 61 cu. in. class here today, as follows:

1 kilometer	21.56 sec.—rate	103.77 miles per hour
2 miles	1 min. 11.49 sec.—	100.73 " " "
5 miles	2 min. 59.89 sec.—	100.08 " " "

Daytona, Beach, Fla., Feb. 20.—Ralph E. King, an amateur, riding an 8 valve 61 cu. in. Harley-Davidson today established two new world's amateur records, as follows:

1 kilometer	22.60 sec.—rate	99.36 miles per hour
1 mile	35.62 sec.—	101.64 " " "
